DETAILED ACTION

1. This action is in response to applicant's response filed on Mar. 08, 2006. **Claims 1-21** are pending in the present application.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Independent claim 1 recites a method for handling an off-hook event comprising steps of: "detecting an off-hook event with a modem communicatively linked to a circuit loop in which the off-hook event occurs, wherein the modem is automatically activated when a telephone device connected to the circuit loop is in an off-hook state and is automatically deactivated when no telephone device connected to the circuit is in an off-hook state". The prior art of record does not teach these limitations. A similar thing holds for independent claim 11 and 21.

New search updates revealed no other prior art which teaches the limitations in the context of the claims. Therefore, claims 1-21 are indicated allowable.

3. The claims have been re-numbered as follows:

CLAIMS NUMBER (ORIGINAL)

1-21

CLAIMS NUMBER (FINAL)

1-21

Claim no. 1 along with figure number 1 will be published in the Official Gazette.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
